SPECIAL STITCHES

- **E-wrap cast-on:** E-wrap two times around loom then lift bottom loop over top loop to complete cast-on. For flat panel knitting, wrap all pegs to the right of the anchor peg, turn and wrap same pegs again toward the anchor peg.
- **K2tog:** Skip 1 peg; move loop on skipped peg onto next peg. e-wrap peg; knit off by lifting bottom loop over top two loops. One stitch decreased.
- **Gathered Bind-Off:** With only one loop on each peg, cut working yarn leaving a long tail. Thread tail onto yarn needle.
 - ◇ **Step 1:** Starting with peg 1, insert needle below the loop and pull the yarn through.
 - ◇ **Step 2:** Insert needle into loop on next peg and repeat. Repeat for all the pegs around. Insert needle into first loop again to make sure there is no gap.
 - ◇ **Step 3:** Remove all loops from pegs and pull yarn tail tight until opening is completely closed. Secure opening by stitching back and forth and tie off. Weave in tail.
- **Slipped Stitch Edge Method:** Used for flat panel knitting work in rows. Slip the first stitch in every row by simply not working it. Begin knitting with peg 2.
- **Flat Panel Bind Off**
 - ◇ **Step 1:** E-wrap and knit the first two stitches.
 - ◇ **Step 2:** Remove the loop from peg 2 and place it on peg 1. Knit off peg 1.
 - ◇ **Step 3:** Move the remaining loop on peg 1 back to peg 2. – One peg bound off.
 - ◇ **Step 4:** E-wrap and knit peg 3. Remove the loop from peg 3 and place it on peg 2. Knit off peg 2.
 - ◇ **Step 5:** Move the remaining loop from peg 2 back to peg 3. – two stitches are bound off. Continue binding off each peg in the same manner until you only have one loop remaining on the loom. E-wrap this peg and knit off. Cut yarn leaving an 8" [20.5cm] tail and pull through last loop to secure.
