

## CHRISTMAS STOCKING WITH POM POMS

### MATERIALS:

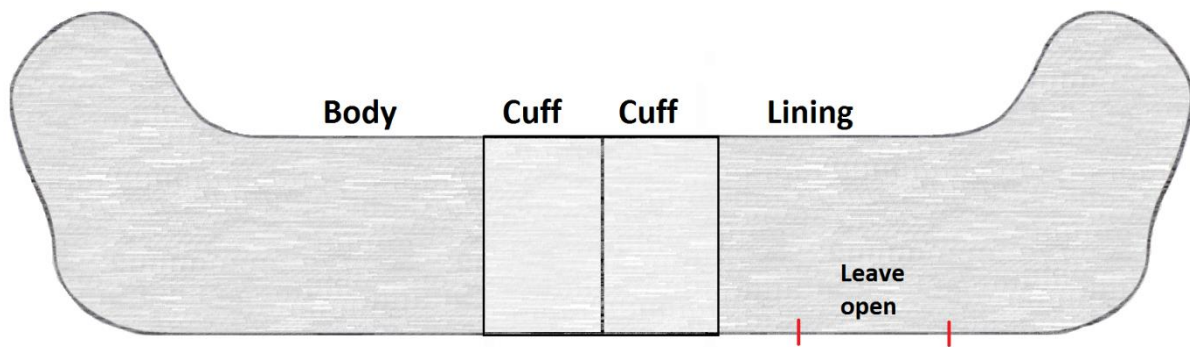

- Clover Pom Pom Maker-Small (Art. No 3124)
- Clover Yo Yo Maker-Large (Art. No 8701)
- Clover Handy Thread Twister (Art. No 9942)
- 1 fat quarter (red fabric)
- 1 fat quarter (light print fabric)
- 1 fat quarter (lining fabric)
- ½ yard fusible interfacing
- 3 colors of worsted weight yarn (for pom-poms)
- Basic sewing supplies

Step 1: Using pattern pieces, cut two cuff pieces, 2 body pieces, and 2 lining pieces, allowing ¼” seam allowance. Cut fusible interfacing with no seam allowance and fuse to body and cuff.

Step 2: Using the diagram below, sew cuffs and body as shown to lining piece. Make two units.

Step 3: Layer units right sides together, sew around stocking and lining, leaving an opening to turn. Clip curves.

**Step 4:** When stitching lining, angle stitching line in 1/8” to allow lining to fit smoothly inside body of stocking.

**Step 5:** Turn right side out. Stitch seam opening in lining closed. Push lining down into body of stocking, adjusting to lay smooth. Fold cuff down, making sure lining stays inside stocking body and lower edge of cuff is smooth and straight. Pin lining to body at the top, turn cuff back up and stitch around top of stocking, just inside the lining area. Do not sew thru cuff. Turn cuff back down. Press stocking.

**Step 6:** Make three Pom-Poms, using a long length of yarn to tie each pom-pom off. Attach Handy Thread Twister to ends of tie and twist into a cord. Hold cords for pom-poms together and adjust the length pom-poms hang down. Knot cords to hold lengths in position. Trim cord ends.

**Step 7:** Make Yo Yo out of fabric used for stocking body. Sew pom-pom cord knot to top of stocking. Cover knot with yo-yo and stitch down.

**Step 8:** Using 4 strands of yarn, twist a hanging cord with the Handy Thread Twister. Sew just inside the top corner of stocking at the side seam.
